

Introducing Rip Raft!

Modular design allows for accessory attachments and ability to attach multiple rafts together!

7.5' x 7.5' and 1200 lbs of capacity. Raft weight-165pounds.

Reflectors on all four corners and non-slip deck surface provides a safe enjoyable raft for all ages.

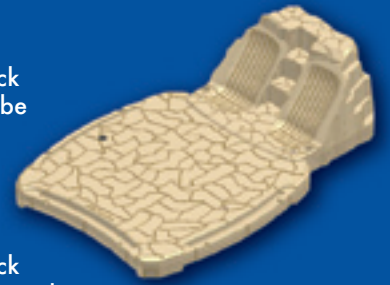

Durable anchoring system ensures that the Rip Raft will be ready for fun whenever you are.

Available in yellow, gray, sandstone and orange.

The Rip Raft Rock attachment will be available early 2007 to make your summer even more fun.

The Rip Raft Rock attaches directly to the Rip Raft.

Includes integrated cup holders, ergonomically designed back rests and offers a great jumping platform.

August 5
It was another great day at the lake. The kids are sound a sleep. They played in the lake all day. Hardly taking a break to eat. I have such wonderful memories of days at the lake as a child. I hope they have wonderful memories like mine.
