

## Vertical Lift

*ShoreMaster vertical lifts rise to any site challenge.*

- Designed to work in shallow, deep or changing water conditions.
- All-aluminum welded construction provides a lightweight, maintenance-free lift with greater strength and durability.
- Double V-Side design allows for easy access to both sides of your boat.

## Hydraulic Lift

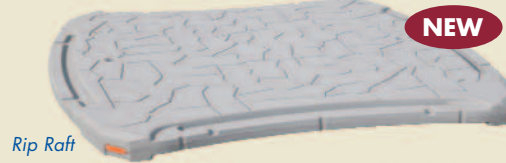

*Lifting ease is only one touch away.*

- Quick, quiet operation will lift your boat out of the water in seconds.
- With the standard key chain remote, it's as easy as pushing a button.
- The hydraulic cylinders are filled with an environmentally friendly, biodegradable fluid.

## Water Toys and Accessories

## Infinity RS4

Waterfront enjoyment comes in all shapes and sizes.

- Unique design provides for unlimited dock configurations.
- Lightweight, all-aluminum construction is easy to install and remove from the water.
- Available in 4 foot by 10 foot and 6 foot by 8 foot sections.
- Curved sections are also available.

## Infinity TS9

Go ahead, jump up and down. Our TS9 docks can take it.

- Truss design gives you the greatest strength-to-weight ratio.
- Available in 8- and 16-foot lengths.
- Can be used as a wheel-in dock, utilizing two different wheel kit options, a standing dock or as a floating dock.

### Infinity Deck Options

Vertex IPE Hardwood Cedar White Painted Tan Aluminum

## PolyDock

It's the most fun afloat.

- Modular floating dock is the perfect alternative for fluctuating water conditions.
- Available in 4 feet by 10 feet, 4 feet by 6 feet, or 6 feet by 8 feet sections.
- Constructed with rugged, durable polyethylene for years of convenient, dependable use.
- Modular design allows the system to be set up in an infinite number of configurations.

## ShorePort

Whether your dock is fixed or floating, there's no easier way to land your personal watercraft.

- Stand-off /Pipe Bracket.
- Front End Connection (for PolyDock).
- Flexi-Hinge Connection (attaches to most docks).
- Keel Roller.

## GalvaLift® PWC Lift

GalvaLift takes the work out of docking your PWC.

- Front mount PWC lifts 1,100 to 2,000-pound capacities.
- Side mount PWC lifts 920-pound capacities, perfect for "front of slip" installations.
- Heavy duty 2-inch zinc galvanized frame construction.
- Available in standard, wide or double.
- Bushings in all pivot points provide years of durability.

## ShoreMaster Floating Boat Lift

- Rigid crush resistant, roto-molded tanks.
- Super tough heavy duty arms and dock brackets.
- Level lifting operation.
- No steel in the water.
- A truly modular design.
- Available for slips from 9- to 14-foot wide.
