

Connect.

It simply wheels over uneven terrain with our pivoting caterpillar design, or you can use it as a standing dock. Either way, our fast no-tool installation will give you the time to make life's more important connections.

Infinity TS9

Because it provides the greatest strength-to-weight ratio, ShoreMaster's Infinity TS9 gives you exceptional quality and exceptional value. Use our 8-foot or 16-foot sections to design the dock of your dreams.

We Cover The Waterfront.
