

# Go First Class On The Water.

With DocKit, You Get a Premium Dock System Without The Premium Price.

We Cover The Waterfront.

**SHOREMASTER**

DocKit is a component system that allows you to design the floating dock of your dreams. It's faster than a custom designed dock, and you can choose from several styles of single or double slip floor plans, colors, roof designs, types of decking and a huge selection of accessories. Safe, dependable and maintenance-free, DocKit features hot-dipped, zinc galvanized frames to give you the strength to stand the test of time. DocKit will enhance your waterfront, and allow you to spend more time on the water.

## NEW ShoreMaster Floating Boat Lift

The new ShoreMaster floating lift is as tough as any lift on the market, tougher than most. Featuring rigid crush resistant, roto-molded tanks and super tough heavy duty arms and dock brackets for level lifting operation. All units include control unit and dock brackets, ready for turn-key installation.
