

A Perfect Landing.

It's the fastest and easiest way to get on, and off the water. The ShorePort from ShoreMaster lets you dock your personal watercraft with just the flick of the throttle. The cupped front conforms to any hull design and the adjustable non-marring polyurethane rollers let you drive on, and roll off, safely and easily. Whether you have a fixed or floating dock system, the ShorePort protects your personal watercraft from the wind and waves, while making it easy for you to escape onto the water anytime for fun and relaxation.

Make A Splash.

Slide into summer fun with ShoreMaster's Water Slide. The kids will love the wavy plastic slide and you will love the aluminum frame and stairs because they're weather-resistant and maintenance-free. ShoreMaster's Water Slide is designed to be free standing or attached to a dock or raft. And it will grow with your kids because the slide is fully adjustable to increase or decrease the level of incline. It's the perfect way to add hours of fun to your lake home.
